

ATI AGREEMENT – STUDENT NAME

I, (Name) _____, understand that upon completion of the Aviation Training Institute curriculum I will need to complete an oral and practical examination administered by the Federal Aviation Administration in order to obtain the Airframe and Powerplant certificates. I also understand that I will need to provide approved photo-identification in order to register for these exams. The name on the approved photo-identification must exactly match the name I have listed on my application for admissions to the College of Aeronautics, and also must match the name listed on my high school or college diploma or General Education Diploma, which was submitted to the office of admissions, along with the application for admissions. I also understand that I will be required to submit proof of address. This proof must consist of a driver's license or non-driver card. It is my responsibility to make sure the address on file with the College of Aeronautics matches the address that will be used for identification purposes by the FAA testing center.

The approved photo-identification documentation currently required for oral and practical exams includes only the following items:

United States citizens born in the United States (one of the following)

- State issued drivers license or official non-driver I.D. card
- Valid United States Passport

United States citizens who were naturalized (one of the following)

- Valid United States Passport
- Certificate of Naturalization
- Certificate of Citizenship

United States permanent resident aliens

- I-551 Alien Resident Identification card (Green Card)

Students who have been granted political asylum and/or refugee status

- Passport from country of citizenship with a valid DHS Form I94

Students who are not United States citizens or permanent resident aliens

- Passport from country of citizenship with a valid F-1 student Visa

The government may change these requirements, and I will have to obtain the correct information from the FAA before my exams. I understand it is my responsibility to make sure all transcripts, grade reports, and College identification cards reflect my full name exactly as it appears on the approved photo-identification required for my resident status.
