## Flight Physical

The Federal Aviation Administration (FAA) requires a physical exam conducted by an authorized physician as part of any pilot's license.

A Class II physical exam conducted by **an FAA authorized physician must be conducted prior to beginning a flight-training course of study at an accredited flight school.** Vaughn College of Aeronautics and Technology strongly encourages applicants for all Aircraft Operations degree programs to undergo this medical exam before beginning a course of study at Vaughn College. Students may also submit a copy of their physician's medical reports if they desire to do so.

## Flight Physical Information

In order to ease the financial burden on our students and applicants, the College has established a relationship with **Kennedy Medical Offices**, a medical practice that is part of the **Saint Vincent Catholic Medical Centers**. Kennedy Medical will provide a 20% discount on all FAA Physical exams and immunizations (if necessary) to any student with a letter of acceptance on official Vaughn College stationery (no copies of acceptance letters will be accepted).

Kennedy Medical performs FAA physicals on a walk in basis (they do not schedule appointments), however they do ask students to call their office before visiting, to be sure the FAA licensed physician is on duty. The FAA licensed physician is normally on duty during the following hours:

Monday, Tuesday, & Thursday – 8:00 a.m. – 6:00 p.m.  
Wednesday – 8:00 a.m. – 4:00 p.m.

Please contact Kennedy Medical for further information at:

**Kennedy Medical Offices**  
**Building 198 in Cargo area C, JFK Airport**  
**Jamaica, NY 11430**  
**718-656-5344**

Students who do not live within a convenient distance of the Kennedy Medical Offices in JFK Airport, or who wish to select a doctor independently, may locate an FAA authorized physician to administer the class II physical by visit the following website:
