For Bachelor's or Equivalent Institutions

In the following section for bachelor's or equivalent programs, please disaggregate the Fall 2012 and Fall 2013 cohorts (formerly CDS B4-B11) into four groups:

- Students who received a Federal Pell Grant*
- Recipients of a subsidized Stafford Loan who did not receive a Pell Grant
- Students who did not receive either a Pell Grant or a subsidized Stafford Loan
- Total (all students, regardless of Pell Grant or subsidized loan status)

*Students who received both a Federal Pell Grant and a subsidized Stafford Loan should be reported in the "Recipients of a Federal Pell Grant" column.

For each graduation rate grid below, the numbers in the first three columns for Questions A-G should sum to the cohort total in the fourth column (formerly CDS B4-B11).

G1 Undergraduate full-time tuition, required fees, room and board List the typical tuition, required fees, and room and board for a full-time undergraduate student for the FULL 2020-2021 academic year (30 semester or 45 quarter hours for institutions that derive annual tuition by multiplying credit hour cost by number of credits). A full academic year refers to the period of time generally extending from September to June; usually equated to two semesters, two trimesters, three quarters, or the period covered by a four-one-four plan. Room and board is defined as double occupancy and 19 meals per week or the maximum meal plan. Required fees include only charges that all full-time students must pay that are not included in tuition (e.g., registration, health, or activity fees.) Do not include optional fees (e.g., parking, laboratory use).

I. INSTRUCTIONAL FACULTY AND CLASS SIZE

Please report the number of instructional faculty members in each category for Fall 2019. Include those who are on your institution's payroll on the census date your institution uses for IPEDS/AAUP.

I1

The following definition of full-time instructional faculty is used by the American Association of University Professors in its annual Faculty Compensation Survey (the part time definitions are not used by AAUP). Instructional Faculty includes those members of the instructional-research staff whose major regular assignment is instruction, including the released time for research. Use the chart below to determine inclusions and exclusions:

	Full-time
(a) instructional faculty in preclinical and clinical medicine, faculty who are not paid (e.g., those who donate their services or are in the military), or research-only faculty, post-doctoral fellows, or pre-doctoral fellows	Exclude
(b) administrative officers with titles such as dean of students, librarian, registrar, coach, and the like, even though they may devote part of their time to classroom instruction and may have faculty status	Exclude
(c) other administrators/staff who teach one or more non-clinical credit courses even though they do not have faculty status	Exclude
(d) undergraduate or graduate students who assist in the instruction of courses, but have titles such as teaching assistant, teaching fellow, and the like	Exclude
(e) faculty on sabbatical or leave with pay	Include
(f) faculty on leave without pay	Exclude
(g) replacement faculty for faculty on sabbatical leave or leave with pay	Exclude

Full-time instructional faculty: faculty employed on a full-time basis for instruction (including those with released research)

Part-time instructional faculty: Adjuncts and other instructors being paid solely for part-time classroom instruction includes full-time faculty teaching less than two semesters, three quarters, two trimesters, or two four-month sessions. Employees who are not considered full-time instructional faculty but who teach one or more non-clinical credit courses can be counted as part-time faculty.

Minority faculty: includes faculty who designate themselves as Black, non-Hispanic; American Indian or Alaska Native; Asian, Native Hawaiian or other Pacific Islander, or Hispanic.

Doctorate: includes such degrees as Doctor of Philosophy, Doctor of Education, Doctor of Juridical Science, and Doctor of Public Health in any field such as arts, sciences, education, engineering, business, and public administration. A terminal degree formerly designated as "first professional," including dentistry (DDS or DMD), medicine (MD), optometry (OD), osteopathic medicine (DO), pharmacy (DPharm or BPharm), podiatric medicine (DPM), veterinary medicine (DVM), chiropractic (DC or DCM), or law (JD).

Terminal degree: the highest degree in a field: example, M. Arch (architecture) and MFA (master of fine arts).

I1

	Full-Time	Part-Time
I1 a) Total number of instructional faculty	40	164
I1 b) Total number who are members of minority groups	17	85
I1 c) Total number who are women	10	35
I1 d) Total number who are men	30	129
I1 e) Total number who are nonresident aliens (international)	0	0

I1	f) Total number with doctorate, or other terminal degree	14	22
I1	g) Total number whose highest degree is a master's but not a terminal master's	12	69
I1	h) Total number whose highest degree is a bachelor's	5	26
I1	i) Total number whose highest degree is unknown or other (Note: Items f, g, h, and i must sum up to item a.)	2	47
I1	j) Total number in stand-alone graduate/ professional programs in which faculty teach virtually only graduate-level students	0	0

I2 Student to Faculty Ratio

Report the Fall 2019 ratio of full-time equivalent students (full-time plus 1/3 part time) to full-time equivalent instructional faculty (full time plus 1/3 part time). In the ratio calculations, exclude both faculty and students in stand-alone graduate or professional programs such as medicine, law, veterinary, dentistry, social work, business, or public health in which faculty teach virtually only graduate-level students. Do not count undergraduate or graduate student teaching assistants as faculty.

I2	Fall 2019 Student to Faculty ratio	16	to 1	(based on	1451
				and	90

I3 Undergraduate Class Size

In the table below, please use the following definitions to report information about the size of class sections offered in the Fall 2019 term.

Class Sections: A class section is an organized course offered for credit, identified by discipline and meeting at a stated time or times in a classroom or similar setting, and not a subsection such as a lab or discussion session. Undergraduate class sections are defined as any sections in which at least one credit-seeking undergraduate student is enrolled for credit. Exclude distance learning classes and noncredit and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Exclude students in independent study, co-operative programs, internships, foreign language taped sessions, practicums, and all students in one-on-one classes. Each class section should be counted once and should not be duplicated because of course catalog cross-listings.

Class Subsections: A class subsection includes any subsection of a course, such as laboratory, recitation, and discussion subsections that are supplementary in nature and are scheduled to meet separately from the lecture portion of the course. Undergraduate subsections are defined as any subsections of courses in which degree-seeking undergraduate students are enrolled for credit. As above, exclude noncredit classes and individual instruction such as dissertation or thesis research, music instruction, or one-to-one readings. Each class subsection should be counted only once and should not be duplicated because of cross-listings.

Using the above definitions, please report for each of the following class-size intervals the number of sections and class subsections offered in Fall 2019. For example, a lecture class with 800 students and another time in 40 separate labs with 20 students should be counted once in the "100+" column in the class sections column and 40 times under the "20-29" column of the class subsections table.
